LION TO SUPPLY ARMY NATIONAL GUARD WITH APPROXIMATELY 6,400 MT94™ CBRN SUITS

Dayton, Ohio – LION is pleased to announce a major partnership with the Army National Guard. The Army National Guard has placed an initial order for 2,300 of LION's MT94 CBRN suits (lot#CMTM20AV), at a value of nearly \$3.8 million. This purchase is the first of two, the second being for approximately 4,100 MT94s and \$6.8 million. The CBRN suits were purchased through Federal Resources, a distributor which holds an 'Indefinite Delivery, Indefinite Quantity' (IDIQ) contract with the Joint Product Manager CBRNE Analytics and Response Systems (JPdM CBRNE A&RS).

The newly-purchased MT94s will be used to outfit CBRN Enhanced Response Force Package (CERF-P) personnel. CERF-P consists of approximately 3,200 personnel as part of a timed response for potential Weapons of Mass Destruction (WMD) attacks in the US.

LION has had a long-standing commitment to serving the Army National Guard, and since 2011, has supplied the branch with over 12,000 MT94s for WMD response.

For additional information on LION CBRN, please contact Diane Redden at dredden@lionprotects.com.

About LION

LION is a family owned, global business headquartered in Dayton, Ohio that has been operating continuously since 1898. Municipal, state, federal and military agencies are its primary customers throughout the world. Its mission is to fulfill its customers' personal safety, readiness and identity needs with innovative, game-changing solutions. LION is the world's largest supplier of structural fire personal protective clothing for first responders, as well as a leading provider of cutting-edge training products and facilities through its BullEx and HAAGEN companies. Through traditional contracting and public-private partnership arrangements, customers rely on LION TotalCare® and LION LVI to manage the lifecycle of their uniforms, protective equipment and training products.
